

## EMBASSY OF DENMARK *Accra*

### **INTERNSHIP WITH THE TRADE COUNCIL IN GHANA**

Are you interested in sustainable business development and international trade? Do you have a knack for communications and a keen interest in economic diplomacy in action? We are currently recruiting an intern to join the trade team at the Embassy of Denmark in Accra.

Danish companies show strong and increasing interest in exploring the growth markets in Ghana and the West African region. As a lower middle-income country determined to move beyond aid, Ghana has great focus on strengthening the economy and increasing investments in the private sector as an economic and digital hub in the region. Furthermore, Accra is host to the secretariat for the new African Continental Free Trade Area (AfCFTA), which connects 1.3 billion people across 55 countries with a combined GDP of USD 3.4 trillion.

At the Trade Council of the Danish Embassy, Accra, we assist and advise Danish companies in their business development and public affairs activities in Ghana and West Africa. Alongside, we work to ensure that Danish business activities can contribute to the green agenda and socio-economic development in the region. As an intern in the field of economic diplomacy, you will get comprehensive insights into the markets of Ghana and Côte d'Ivoire and work on projects within the Embassy's focus sectors: food & agriculture, tech & digitalisation and water & environment. You will also have a leading role in the Trade Council's communication and marketing efforts in close cooperation with the other Danish embassies in Sub-Saharan Africa.

**You will assist the Trade Team in various areas depending on your interests and qualifications. Typical assignments include:**

- Assisting in preparing and executing business delegation visits (virtual/physical)
- Contributing to market analyses and providing background on economic and trade-related topics relevant to Danish companies.
- Planning and participating in meetings with Danish and local stakeholders, field visits etc.
- Building up our communications efforts and strategy, incl. digital communications and marketing, content development for social media and export promoting events.
- Assisting in proactive contact to Danish, Ghanaian and Ivorian companies.
- Practical tasks for the trade team.

**The internship in Accra will provide you with:**

- Insights into Denmark's commercial partnership with Ghana and Côte d'Ivoire.
- Experience with economic diplomacy, including government and public affairs.
- An opportunity to work as an integrated part of the trade team and be directly involved in projects.
- An understanding of the political economy, challenges and market opportunities in a middle-income African country and the broader region.

- A first-row seat to the early implementation of the new African Continental Free Trade Area with the secretariat placed in Accra.
- International professional experience useful to your future career.
